

Priyadarshani

SCHOOL & JR. COLLEGE

SINCE - 1982

In The Loving Memory Of

Late Shri. Indraman
Sahadev Singh

14TH JULY 1946 - 06 JUNE 2020

In the year 1982 Late Shri Indraman Sahadev Singh started a small school on August 15th with just 5 students in Bhosari. This school was started with a vision to provide the best possible education in budget to every child & still continues to do so. He had a desire to help the underprivileged children to fulfil their need for education by helping them through schooling. The school has students from diverse backgrounds and offers equal opportunity to all at a affordable price. He has left a mark on everyones heart with his kind gesture & words of wisdom & motivation and his legacy of human values still continues in education.

Late Shrimati. Naval Indraman Singh was an extra ordinary individual, A river of compassion, whose grace, kindness and dedication left an indelible mark on all who had privilege of knowing her. She embodied warmth and wisdom & passed on same to her 5 children, who today made Priyadarshani a famous name in the field of education. The main lesson she gave is to forgive everyone and never keep the grudges. She always took good care of everyone. Her presence illuminated every room and her legacy continuous to inspire us. We will always miss & remember her.

Late Shrimati. Naval
Indraman Singh

14TH JULY 1948 - 16 JAN 2019

Dr. Jitendra Siingh

M.A, B.Ed, Ph.D

President
Bhosari Education Society

The Four important pillars of education are learning to know, Learning to do, Learning to be, and learning to be together. Five basic Human Values that we practice are: **Truth (Satya), Right action or Righteousness (Dharma), Peace (Shanti), Love (Prem) and non-violence (Ahimsa)**

Here,

- Truth indicates Integrity & and honesty
- Righteousness indicates serving the needy
- Peace indicates togetherness
- Love is to speak softly
- Nonviolence is Empathy, Caring & Sharing

Our educators walk the talk and practice before preaching. All subjects are taught with these values in mind. The entire education system in Priyadarshani is value-oriented.

The sign of a person who has had an education is good manners. Unless knowledge is transformed into wisdom, and wisdom is expressed in character; education is a wasteful process. Character is the most precious gift of education. And, character consists of eagerness to renounce one's selfish greed.

Our Mission

Liberating mankind from ignorance, from dependency and from the exploitation by others, which eventually will give birth to human civilisation. The purpose of education is humanity itself. Education is about values, instilling and creating awareness of human values.

We believe that “The highest education is that, which does not merely give us information but makes our life in harmony with all existence” rightly said by Rabindranath Tagore.

The purpose of Education is not to produce beggars, begging for jobs. It is not for making living alone, but to live a life benefiting human dignity. Education is for life, to live life fully and glorify all life.

Our Vision

HARMONISING HEART & MIND

We understand a child's perspective on the Heart, the world today is different compared to that of our parents. Children today don't have a carefree life like their parents. They are more confined to technology, social media, video games and television. We educate our children to express & nurture positive emotions, and to express the wonderful qualities of their hearts. We mentor them to be successful and make this world a happy place. We understand that children have a big future if their heart is used to their fullest potential. Though the heart is the size of a fist, we know that it is larger than the whole world. It's our mission to bring global coherence by bringing coherence to the hearts & minds of our children.

History of Priyadarshani

Today, the dream of Late Shri Indraman Singh and his children has turned into a reality. With just 5 students the small school which he started in Bhosari on 15th August 1982 has now become one of the best schools in Pune. Over the years, the number of students has grown to over 15,000, turning the institution's name larger with a group of Schools and Colleges in 8 different places.

Teachers

"Human values cannot be learnt from lectures or text - books.

Our teachers seek to impart values to students , they practice themselves first and set an example.

Their heart is filled with love and leads the children under their care along the ideal path.

They resolve to sacrifice everything for the sake of the pure-hearted children who rely on us for guidance.

Our teachers teach love to students only through love.

"If a pupil has a vice, he or she alone suffers from it. But, if a teacher has a vice, thousands are polluted.

"Teachers can achieve any high ideal, provided they are co-operative, well disciplined, soaked in service and sacrifice and fully determined to succeed.

Our teachers are not be bound by considerations of hours of work.

When necessary, they are prepared to stay on for hours to remove the doubts of students and help them to complete their assignments.

They consider this as their duty.

"If teachers play their role properly, the nation can be transformed.

For all the malpractices among students, the parents and the teachers are to be blamed."

Parents

"Parents and teachers are the sculptors who have to mould the shape of the students for whom they are responsible.

If parents and teachers set the right example, the students will automatically blossom into models of excellence and bring glory to the nation.

"The influence of parents on the children's minds is very significant. It is actually the primary and dominant influence on the child's personality and behaviour pattern. Parents have the primary responsibility to mould the character of the children. Too much freedom should not be given out of excessive affection.

"Allowing children to go astray at home through misplaced affection is not a good practice. The father and the mother must supplement at home the training given by the teacher at school."

Children

We believe that Children's mind is innocent and pure.

Each child is a white marble for the teacher and the parents to mould into an image of God, a bud to be helped to blossom in all its Divine glory so that it becomes a worthy offering to God.

"A sapling can be helped to grow straight, but once it becomes a tree it cannot be guided in its growth."

Children must grow in the awareness of the brotherhood of man and the fatherhood of God.

Children must grow up in the atmosphere of reverence, devotion, mutual service and co-operation.

"Children generally are good by nature and willing to do their duty and shine well in studies.

The cause of the vagaries, waywardness and occasional indiscipline lies with the elders who set poor examples of truth and self-control.

"From the most impressionable years the children should be taught to cultivate love for all.

Love leads to unity. Unity promotes purity. Purity leads to Divinity.

"The first requisite for children is to have love and regard for parents to whom they owe everything.

Let the children, even grown-up boys and girls, touch the feet of their father and mother, every morning before the daily tasks are started."

"One For All, And All For One"

One of the most important phrase for action

"One For All, And All For One" -

Our teachers understand that, "One" here signifies the common goal, the common purpose that benefits all.

It is not to be defined as "Following the Child's whims."

It is about following certain values, and making the children understand and appreciate those values.

They should be made to realize - citing examples like "healthy environment and neighbourhood keeps all healthy, including yourself" -

that it is in their own interest to ensure that others are as happy and joyous, as they themselves are.

When a child is sick and in the hospital, make a visit - take along a parent and some children. Pray together for the sick child's quick recovery. These are some human traits often forgotten in the present education system.

Our Core Values - The 3 H

Head, Heart, and Hand working in harmony.

These 3H, are related to the Three Streams of Energy, i.e.

The Energy of Will Power (Icha Shakti);

The Energy of Wisdom (Jnana Shakti); and

The Energy of Right Action, or Excellence in Action (Kriya Shakti).

"What is necessary is not EHV (Education in Human Values) but 3-HV: (Head-Heart-Hands). The hands should carry out what the heart has approved of the ideas emanated from the head. What the head thinks, should be examined critically in the heart and this right decision should be carried out by the hands.

This should be the primary product of the educational process.

And at the same time the guts should be healthy in order to keep the heart and mind healthy.

INTELLIGENCE ENHANCING PROGRAM

**IMPROVE LEARNING, REGULATE BEHAVIOR &
CULTIVATE COMPASSION**

PI Phonemic
IntelligenceSM
PHONEMIC INTELLIGENCE Coming From USA

**A COMMUNITY OF SUPER INTELLIGENT
PARENTS AND STUDENTS**

**HELPS TO DEVELOP THE INACTIVE LOBE
OF BRAIN IN CHILDREN**

PI has a unique approach to learning and social behavior. PI attributes difficulties experienced in these areas to the learner's brain anatomy and physiology. Generally, conventional educational research overlooks the importance of the cognitive, emotional, and behavioral make-up of the student's brain.

Defying the one-size-fits-all approach, PI aims to improve the functionality of the student's brain in all areas.

Phonemic Intelligence is practiced in school everyday for 7 minutes in the assembly. It is simple to practice and requires no prerequisite training. Students of all ages and backgrounds have reported experiencing profound results in memory, concentration and attitude in as little as two weeks.

CHILD LEADERSHIP THROUGH EMOTIONAL INTELLIGENCE

THE PLUS MINUS CODE Coming From Canada

CHILD LEADERSHIP THROUGH EMOTIONAL INTELLIGENCE

HELPS TO DEVELOP THE EMOTIONAL WELLBEING OF A CHILD

The +/- Code is a modern Educational Program to develop Emotional Intelligence (EQ) and leadership qualities of our students. The goal is to enable the students to decide if the image is positive (+), negative (-) or if it presents tendencies (i.e. a mixture of both + and -). The EQ tests and questions are related to the emotions the students perceive from the image. As they decode the images from each episode of the +/- Code, students of all ages learn to develop very efficient emotional intelligence.

They build strong knowledge from various situations. This decoding process increases their ability to react and make decisions in life. With the +/- Code, our students have fun developing their leadership skills and our teachers connect with the students through a whole new approach.

INDIAN KNOWLEDGE SYSTEM (IKS)

Indic Philosophy, Pedagogy and Methodology of Teaching and Learning.

**PANCHAKOSHIYA SHIKSHA- HOLISTIC
EDUCATION**

**INDIAN KNOWLEDGE SYSTEMS: YOGA,
AYURVEDA, GANITA, NAKSHATRA VIDYA,
ECOLOGY.**

The Indian knowledge system offers a holistic approach to education, encompassing physical, mental, and spiritual aspects. Rooted in a rich cultural and historical context, it provides a diverse array of subjects, including mathematics, science, and the arts for our students. Ancient Indian wisdom, as found in texts like the Vedas and Upanishads, offers profound insights into life's purpose and ethical living.

The system's emphasis on yoga and Ayurveda promotes overall well-being and a mind-body connection for our students and teachers. Moreover, traditional practices promote cultural and environmental sustainability, emphasizing harmonious living with nature. This gives an exceptional learning experience for our students.

Build Resilience

Scout and Guide

**SCOUTS AND GUIDES HELP STUDENTS
LEARN TEAMWORK, LEADERSHIP, AND
LIFE SKILLS THROUGH FUN ACTIVITIES
AND COMMUNITY SERVICE. THEY BUILD
CONFIDENCE AND PREPARE STUDENTS
FOR THE FUTURE.**

Boost Self-confidence, discipline & fitness

Martial Arts

LEARNING SELF-DEFENSE MANEUVERS IS A KEY SKILL THAT IS DEVELOPED BY LEARNING KARATE. SELF-LEADERSHIP IS A CONCURRENT SIDE BENEFIT. IT HELPS IN STRENGTHENING A CHILD'S PHYSICAL AND EMOTIONAL WELL-BEING. PLUS, THE RESILIENCE THEY BUILD TRANSFERS OVER TO ACADEMIC PERFORMANCE AND SOCIAL AND EMOTIONAL EFFECTIVENESS.

Abacus & Vedic Maths

IT DEVELOPS THE COORDINATION BETWEEN THE RIGHT & THE LEFT SIDES OF THE BRAIN. IT IMPROVES CONCENTRATION & BOOSTS SELF-CONFIDENCE. WITH THE HELP OF IT, THE BRAIN GETS A CONSTANT BOOST WHICH BOOSTS THE MORALE OF THE CHILD.

Special Programs

Top-Notch Labs

A SCIENCE LAB ALLOWS CHILDREN TO CARRY OUT SCIENCE EXPERIMENTS WITH VARIOUS SCIENTIFIC METHODS AND INSTRUMENTS. AT PRIYADARSHANI STUDENTS GET HANDS-ON EXPERIENCE & GET AN OPPORTUNITY TO FORMULATE THEIR OWN IDEAS AND MAKE THEM WORKABLE IN THE REAL WORLD. STUDENTS' INNATE CURIOSITY ABOUT THE WORLD AROUND THEM IS SATISFIED IN THE WELL-EQUIPPED LABS OF PRIYADARSHANI, BHOSARI.

THERE IS ALWAYS AN ACTIVE INVOLVEMENT OF BOTH HANDS AND MIND WHILE EXPERIMENTING AS OPPOSED TO ROTE MEMORIZATION OF FACTS.

Competitive exams preparation

PRIYADARSHANI BHOSARI, PLAYS A VITAL ROLE IN PREPARING THE CHILD FOR VARIOUS COMPETITIVE EXAMS. THE PURPOSE OF COMPETITIVE EXAMS IS NOT ONLY TO JUDGE CHILD'S TALENT BUT ALSO TO TEST THEIR MANAGEMENT AND PLANNING SKILLS. THE WHOLE CONCEPT OF ANY COMPETITIVE EXAM IS BASED ON STRATEGIC THINKING AND SMART WORK. TO PREPARE A CHILD FOR THE CHALLENGING PATH, IT IS REQUIRED TO TAKE INITIAL STEPS AT A VERY EARLY AGE. STUDENTS, IRRESPECTIVE OF THEIR CAREER INTEREST, START APPEARING IN VARIOUS NATIONAL AND INTERNATIONAL-LEVEL COMPETITIVE EXAMS AT AGE AT PRIYADARSHANI.

Alumni Members

MAHENDRA GAIKWAD

- Diploma in Polytechnic and Completed Engineering
- In 2017, Selected through MPSC as Jr. Engineer
- Currently working as Sectional Officer at Dam section, Chas Kaman Dam

SHRADDHA SALVI

- Kathak Visharad
- Kathak MA
- Started Padanyas Kathak Nrityalaya in 2012 at Indrayani Nagar
- Worked as Kathak teacher at Priyadarshani School, Bhosari

HARSHAD TATHED

- Working as a Principal Since 2019.
- Completed Teach for India fellowship in 2017 and Jagriti Yatra 2017.
- Founder of Colour Bugs and Project Nomad.

MINNIE ROHILLA

- Masters In Human Resource Management
- Software Engineer at Maersk
- Minnie is a Model and Social Media Influencer
- Contestant in the famous reality show 'MTV Roadies Xtreme'

DINESH BHATI

- Choreographer
- Music Producer & DJ
- Choreographed Annual Functions for our school

PRATIKSHA LANDGE

- Represented as Captain for Maharashtra State at 65th National School Level Kabaddi Under 14 Girls.
- Two Time Participant at National Level
- State Level participant in wrestling

ANUSHKA KUMAVAT

- She envisions to be an Author
- She is an Orator and conducts lectures and webinars on space
- Working on physics and Astronomy
- Completed online course of ISRO on Remote Sensing
